About Hosted QuickBooks®

We are always looking for ways to better serve you and help you operate your business more efficiently. That's why we offer Hosted QuickBooks®—a hosted version of the leading client accounting application.

With Hosted QuickBooks®, you can conveniently access your mission-critical data on a 24/7/365 basis. Because your software and data are live via the web, it eliminates the need for you to be in the office. You can login anywhere you have an internet connection.

We offer Hosted QuickBooks® to provide you with the most convenient accounting solution available, because we know how busy you are.

The Value of Hosted QuickBooks®

The hosted version of QuickBooks® offers tremendous value to our small business clients. From convenient access to your software to the height of data security, this is the ideal solution for your day-to-day accounting needs. Consider all the benefits:

- **Enjoy anytime-anywhere access.** Whether in the office, on the road, or at home, you can access your software and data round the clock. That's ultimate convenience.
- **Ensure the accuracy of your QuickBooks® data.** With hosted QuickBooks®, we can access your data regularly to correct errors. This allows us to provide you with accurate financial statements that support sound business decisions.
- **Be assured of business continuity.** In the event of a disaster, such as fire or flood, know that your data is secure. Through the hosted solution, simply access your application and data from any remote location, and it's business as usual.
- **Enjoy true collaboration with our firm.** With a hosted solution, our professionals can access QuickBooks® and data simultaneously with you. When you have a question or data issue, we can login and offer you real-time help.

Hosted Quickbooks®

- **Eliminate manual data backups and delivery.** No more backing up data in-house. Your data is backed up automatically on a nightly basis and retained for 90 days, so if you accidentally delete a file it can be restored quickly and easily. You also don't have to hassle with delivering your data via disk or email; data is delivered via the web instantly with a much higher level of security.
- **Simplify hardware and software maintenance.** Eliminate time-consuming desktop software updates and maintenance. With a hosted solution, you are relieved of IT issues and are free to run your business.
- **Experience personalized support.** Our firm is your source of support. Because you will always be operating the same version of QuickBooks® as our firm, we can help you with issues that come up from time to time.

Operating Your Software—Easy as 1, 2, 3

Accessing and operating QuickBooks® within a hosted network is easy and convenient. The true simplicity of a hosted solution is where the real value comes in. Just login and go to work. It really is as easy as 1, 2 3...

1. Visit our website
2. Login to QuickBooks® via your portal on our website using your secure ID and password.
3. Access your software and data and go to work!

Data security is our main concern, which is why Hosted QuickBooks® is the client accounting solution of choice.

Your data is protected by encryption, multi-layer access controls, and nightly backups—making it safer than if stored in your office.
